

CORONAVIRUS

WE NEED YOUR HELP

We are experiencing higher than usual requests for medicines. Our team is working very hard to ensure you get the medicines you need. Here is how you can help:

- **Order only what you need**, seven days before you need it. There is no need to stockpile medicines.
- **Please leave a minimum of 4 working days** between ordering and checking whether your medicines are ready yet.
- **Please follow our instructions.** We have put in place measures to reduce the risk of infection to you and our team.
- **Please put your contact details on your prescription**, this way our team can contact you if they need to. This will reduce the amount of time you need to be in the pharmacy.
- **Abusive language or inappropriate and threatening behaviours will not be tolerated.** If you are deemed to be behaving inappropriately to a member of the community pharmacy team you will be asked to leave the premises.
